17 DEC      Food Tasting Day At School

There was a food tasting event at school last week. My teachers, friends and I tried a lot of food there.

We had fish balls, gummies and potato chips. The fish balls were the best because they were tasty. The gummies were chewy and sweet. They were the worst because they were too chewy for me. I don't like chewy food at all.

Then, we had water, lemonade and cola. The lemonade was the best because I like sour very much! But the water is bad because I don't like tasteless water. The cola was bad because it was too sweet for me.

It was a fun and happy day! I enjoyed the food tasting very much!
