

## Food Tasting Day

Last Wednesday was Food Tasting Day at school. My teachers, classmates and I tried a lot of food and drinks in Language Centre in the morning.

I had fish balls, potato chips and gummies. The fish balls were the best. They were tasty. The potato chips were better than the gummies. The gummies were quite good too.

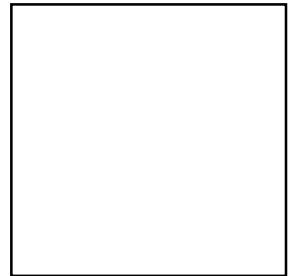

I had lemonade, water and cola. The lemonade was the best. It was sour. The cola was better than the water because the water was tasteless.

We all enjoyed the day. It was a wonderful day!
