

A Brochure for an Eco-tour

Wheel Island Tour

About the Tour

Are you looking for an eco-friendly and epic adventure? Are you aged 11 to 18? Yes? Then this is the perfect tour for you! On this two-week tour, you will live close to nature so that you can find out more about environmental problems and learn to be more eco-friendly. You will understand more about different pollutions and save the earth with us.

Highlights

You will help on organic farms so that you can learn to use food waste to grow plants.

You will plant trees so that you can help create habitats for animals and insects.

You will clean up the beaches so that you can help prevent rubbish from entering the seas.
