Goldilocks and three bears

---

On a sunny day, Goldilocks was in danger in the forest. She went into the three bears' house.

Goldilocks was hungry. She wanted to bake cookies but she failed. She could not bake by herself.

She was sleepy. She played in the living room but she did not tidy up the room. When she was sleeping, three bears came home. They discovered Goldilocks. They were very angry.

The three bears asked her to leave immediately. Goldilocks was sad.
